

Florida Music Educators' Association
Professional Development Conference
Session Coordinator's Script

Session Coordinators,

Please use the script below as a guideline when you introduce your session presenter at the Conference.

Good morning /afternoon, I'm **(your name)**, and I am the FMEA Session Coordinator for this Clinic Session. We are fortunate to have **Name of Clinician** as our guest presenter today.

Read two or three bio-related items about your presenter(s)

(Bio information is in the session packet you picked up from conference registration. If it's really long, just pick out 2 or 3 accomplishments and their current job and workplace. No more than 2 minutes of introduction is necessary)

Ladies and Gentleman, please welcome

Clinician's name.
