

NEW SECURITY PROCEDURES

The Florida Music Education Association is working with the Tampa Police Department and Allied Universal Security at the Tampa Convention Center (TCC) to enhance the conference experience for the students and attendees.

GREAT NEWS! In order to help keep attendees safe, there will be a heightened security presence throughout the Tampa Convention Center and at various hotels. All entrances to TCC will be patrolled by uniformed officers of the Tampa Police Department and uniformed Allied Universal Security personnel. They will be patrolling the Tampa Convention Center as well. The Tampa Police Department will be at the crosswalks between Marriott Tampa Water Street and TCC, at concerts, and patrolling some of the downtown hotels during rehearsals.

All attendees (this includes members, chaperones, and student participants) must wear their conference badge during the conference once the authorized registrant obtains the conference packet.

Please be prepared for random bag and/or purse searches. It is encouraged, if at all possible, to use a clear bag, similar to those used at sporting events, for entrance.

ENJOY THE CONFERENCE EXPERIENCE.
